CATERING & EVENTS MENU

CRAFTY INNOVATIONS CATERING

At Crafty Innovations Catering, we want to evoke and stimulate our clients to create new food memories that they can take with them on their food journey. Through food, we aim to inspire them and their guests to open their minds and hearts to experiencing food as they never have before. By keeping it “Crafty” we will reawaken your palate by reimagining the foods you love with a “crafty” twist.

At Crafty Innovations Catering we are craft-driven, creatively-led, forward thinking catering and events service. We offer a blend of styles and techniques that when combined, create a memorable culinary experience for our guests.

We develop each item chosen by our clients for service by identifying their fondest memories of the foods they most enjoy. Then we get to work crafting singular experiences our clients can share with their guests long after their event has ended.
